BL-8060 High Speed Desktop Scanner

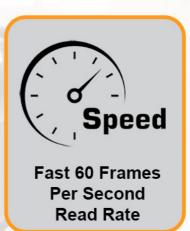

Designed to power through barcodes with ease, the BL-8060 is an ideal solution for quick and convenient hands free barcode scanning.

The BL-8060 is an imaging type barcode scanner, that is capable of reading 1D and 2D barcodes without having to align the barcode. It is able to read traditional barcodes or barcodes from the display of smartphones, PCs and other devices.

In addition to the ability to read 1D or 2D barcodes, the BL-8060 also has no moving parts inside to wear out or break, ensuring long and reliable service life.

Even though the BL-8060 is a powerful device that is packed with features, it is also compact enough to fit onto counters and desks with little room to spare.
